WELCOME

Baptists for
Israel Institute

Baptists for Israel Institute is a school where Baptist students can study the Bible on location in Israel

- ✧ Undergraduate Year
- ✧ Graduate Year
- ✧ Summer Internship
- ✧ 2-week service/work teams
- ✧ 2-week Seminars
- ✧ 2-week Bible Geography Course

We are located on a **kibbutz** (community farm) on the **Sea of Galilee**. It is designed to give students a short term experience in a foreign country. In addition to the classroom instruction, young people are given the experience of living, volunteering/working, and traveling **among the people** in Israel in the land of the Bible.

DO I HAVE WHAT IT TAKES?

Baptists for
Israel Institute

Or, do I want to allow the Lord to develop
these qualities in me?

- ☐ Flexibility: In life, and especially other countries, things do not always go according to plan.
- ☐ Balance my time well between work and play
- ☐ Love for the Lord
- ☐ Love for the people and country of Israel
- ☐ Perseverance; not looking for the easy road
- ☐ Desire to learn the language and culture
- ☐ Am I willing to work hard...as unto the Lord?

WILL IT FIT INTO MY
FUTURE GOALS?

Baptists for
Israel Institute

Baptists for Israel students have found their time
with us has helped them get a good start in a
wide variety of career choices...

SUMMER INTERNSHIPS: Gain valuable cross -
cultural experience/credit in a few short weeks.

YEAR INTERNSHIPS: Depending on your
choice of major, and your graduating school,
many of your credits may transfer. Check with
your school's registrar.

MASTER'S DEGREE: A studies abroad program
looks good on any resume.

WILL IT FIT MY BUDGET?

Baptists for
Israel Institute

You will find that our prices are very reasonable and even include your room, board and international airfare from NY.

Because our emphasis is on service/work, we encourage our students to raise funds from congregations and individuals (with the exception of tuition).

Pell Grants are possible IF:

- 1) The school you are attending right now will declare Baptists for Israel Institute as an "off-campus training center" for their school.
- 2) You would need to declare that you will return to your current school to finish your degree.

In other words, this grant will require the cooperation of your current school. Baptists for Israel Institute has worked with Piedmont Baptist College, Cedarville University, and Western Baptist Bible College in this way in the past. The grant money would go to your current school, they would then possibly keep a portion of it to keep you enrolled and then send the rest to Baptists for Israel. The president of Baptists for Israel, Rev. Bradley Brough, would be willing to discuss this with your school administration if needed.

WILL I BE SAFE?

Baptists for
Israel Institute

The safety situation on the kibbutz has never been a problem. In Israel we believe we can avoid the problem areas. We know where not to go. We also know how to avoid crowds and busy buses. We have our own vans for transportation.

While in Israel, you will be encouraged to set up good communication between loved ones in the USA and yourself. The student house is equipped with Wi-Fi and you are encouraged to bring your laptops and smartphones to stay in touch with your USA friends and family while in Israel. Parents will also be able to call you as there is a receiving phone in the student house.

There is no place on this earth that is perfectly "safe".

But we found...

The safest place to be is in the center of God's will.

Shadrach, Mechech, and Abednego were safer in the fiery furnace WITH the LORD than they would have been in their parents' home WITHOUT Him.

WHAT'S STOPPING ME?

Baptists for
Israel Institute

List the obstacles you see standing in your way:

- ☐ _____
- ☐ _____
- ☐ _____
- ☐ _____
- ☐ _____
- ☐ _____
- ☐ _____
- ☐ _____
- ☐ _____

Will you commit this list to prayer?
Then see how the Lord makes a way for you!

WHAT'S NEXT?

Baptists for
Israel Institute

IF you have prayed about this and believe
the LORD would have you pursue this
exciting opportunity further:

**Request our current catalog &
application today!**
We look forward to hearing from you!

Application deadlines are:

- ✧ **March 15** for Summer Program
- ✧ **May 15** for the Undergraduate and Graduate Program
